A Report on Managing Stress and Anxiety through artificial Intelligence

Date:20-02-2018

The department of Humanities and Sciences was organized on 19-02-2018 by our Project director, Pharmacy department. He noted that Anxiety , stress , over thinking , and trauma are commonly used words to describe people suffering from mental health disorders that appears from work overload , depression , negative feedback , and much more.

He said that the Artificial intelligence is the process of having robots or technology. He said that some techniques to manage the stress and anxiety:

- Exercise regularly.
- Get out in the sunlight.
- Drink less caffeine close to bedtime.
- Set a sleep schedule.
- Do not look your electronics 30-60 minutes before bed.
- Try meditation or other forms of relaxation at bedtime.

He said that "In the two years since the onset of COVID-19, and one climate disaster after another, more and more people are experiencing anxiety". AI could provide a highly reliable measurement for recognizing the signs that someone is anxious. AI is so new this is our one and only opportunity to better. He also said that like any tool,

Artificial Intelligence can be dangerous when misused. And we must be honest about that, and explore all the possibilities. Fear is the biggest threat to technological advances.

He concluded with this and around 82 members were participated to manage stress.

A report on "Enriching English language"

Date:19-02-2019

To develop the language of the students, a one-day workshop was organized by the department of Humanities and Sciences, on 18-02-2019 in the e-classroom.

Dr Ch.B.Jacob, Associate Professor in English, spoke on the topic "Enriching English language". He appraised the students about how to enrich the language and also given some tips to follow and to improve the language.

Acquiring English language is effective with careful observation and imitation of effective users of the language. English is a widely used language in international communication. It is a storehouse of knowledge. English is widely spreading worldwide at present.

The session was conducted successfully with the cooperation of all the faculty members. Around 102 students were participated.

A Report on "Environmental theatre and language Teaching"

Date;23-04-2018

To get the awareness in the Environment and also language teaching through environment.

Dr K.V.Subbareddy Institute of Pharmacy been organized the program "Environmental theatre and language Teaching". Dr K.V.Subbareddy Garu, Professor in English was spoken on this topic that Environmental educators remain challenged by how to encourage people to make connections between environmental quality and human development in a way that is socially just and equitable for all living things.

He said that environment give students to grab the opportunities to understand and deal with a range of difficult issues. It also encourages them to think, act, and behave creatively in all areas of learning as well as life. Taking risks in class and performing for an audience teaches to trust their ideas and abilities. The confidence gained in environment applies to school, university, careers and life in general.

He also said that Environment teaches us how to express ourselves effectively and it also helps to develop our ability to communicate our thoughts and feelings to others, improving our relationships. He said that the aim of the programs is essentially educational, uses theatre education and teaching techniques for educational purposes.

The program was conducted successfully by 102 students with the cooperation of all the HOD's and faculty members.

A report on "Role of English Language in creating career Opportunities"

Date;18-11-2019

To develop the soft skills of the students, a program was organized by the department of H&S in the college at e-Classroom.

Dr K.V.Subbareddy Garu explained about the role of English Language in creating the opportunities. He said that English is nowadays used as a second dialect in a lot of countries. It has been thought of as the global business language. It has undoubtedly emerged as one of the most common speeches in the world, especially in the job market. Fluency in this language is a must to succeed in today's business environment.

He explicated the importance of English that, something that a lot of people know exists, but not a lot of people understand it. Language barriers can also be a barrier to your career. English is the language which connects people from different regions, cultures and nations.

Though the British left their colonies a long time back, their efforts and reforms in the field of education are yielding results now. So English is much required. 'Team work for better successes is mantra followed by most companies. They told that till the time of globalization, British English was considered as Standard English.

The session was conducted successfully with the cooperation of all the faculty members of all the departments. Around 180 students were participated enthusiastically.

A Report on A Gate Way to Success

Date;06-01-2021

Dr K.V.Subbareddy Institute of Pharmacy was organized by the placement cell. The resource person was Mrs. Jhansi Rani trained the students to choose the right way for success. On this day she said that Success is that defining characteristic that we human beings long for, whether it is personal satisfaction or some form of gain.

The simplest answer to success is "**Opportunity**". Opportunity is something that comes to people by itself or that people need to find or create on their own. Opportunity is that gateway to success. She also said that opportunity is like a coin has two sides, one is "the experience", and the other is "the risk". She encouraged them to try and take up any opportunity; it will either turn into an experience of a lifetime or a lesson learnt by failure. That elusive yet attainable goal of "success".

She said that enhancing the communication skills in English can result to not only an improved social life, but also better job opportunities in the future. Proper language skills are super important for getting a good job in today's time. It may damage the reputation due to miscommunication.

The session was completed successfully with the coordination of all the teaching and non-teaching staff members. Totally 200 students participated in the session very actively.

A report on "Personality Development Skills"

DATE: 11-09-2021

To develop the soft skills of the students, a program was organized by all the departments in the college at their respective classes.

Jhansi Rani Placement officer and the entire English faculty have taken the initiation to achieve the personality development skills. Explained about the role of personality development skills in creating the opportunities. Personality development also is said to have a positive impact on one's communication skills and the way he sees the world. They focused especially on the third and final year students because to get good job opportunities this development is necessary. They explained that there are some points to remember in developing the personality. They are followed:

Believe in yourself.

1. Avoid negative talk or thinking. If there are others putting you down, avoid defining yourself on their terms. You determine who you are. ...
2. Find supports that boost your positive personality traits. Find others that welcome you, and make you feel loved. ...
3. Be kind to yourself every day.

The session was conducted successfully with the cooperation of all the faculty members of all the departments. Around 110 students were participated in this program very actively to enhance the language in eminent companies.

A report on Conflict resolution Skills

DATE: 15-03-2022

The department of English organized a one day workshop in the college on dated in the Seminar Hall, from 10.00 to 5.00 pm to develop the resolution skills among the students.

Dr C.Dhanraj, Professor educated the students on the topic "Conflicts Resolution Skills" on the first day. He proffered the students that these skills help you resolve conflict in a constructive way and keep your relationships strong and growing. Firstly, Conflict is a normal part of any healthy relationship. After all, two people can't be expected to agree on everything, all the time. The key is not to fear or try to avoid conflict but to learn how to resolve it in a healthy way. He explained that when conflict is mismanaged, it can cause great harm to a relationship, but when it is handled in a positive method, conflict provides an opportunity to strengthen the bond among the people. He also said that there are some of the causes of conflict in a relationship: It occurs whenever people disagree over their values, motivations ideas, desires. Each deserves respect and consideration. In personal relationships, a lack of understanding, whereas in work place these results in broken deals, decreased profits, and lost jobs. So, he suggested the students to Beware of your feelings, communicate your needs clearly, and hear what someone is really saying. Around 107 students participated in the session with a keen observation.

The session was conducted successfully with the coordination of the faculty members of all the departments.

A report on English Communication Skills (Listening Skills)

Date:30-01-2018

The KVSP has organized the workshop in the college by Dr Ch.B. Jacob; Associate professor of English, Dr.KVSRIT trained the students on "Listening Skills". In personal and professional life.

He explained that listening skills are more important in life because they may cause the misunderstandings and get problems which cannot be rectified easily. So, these skills are very essential in both personal and professional life.

A total number of 102 students participated in the session very actively and made the activities enthusiastically. The session was conducted successfully, with the help of all the faculty members.

A report on English Communication Skills speaking skills

DATE: 29-09-2018

The department of KVSP organized the workshop on Speaking Skills (Debate) in the college on 29-09-2018. This session especially to improve the speaking skills that avoids the threat or the stage fear in the students and makes them to speak very boldly.

N.D.Indiara Pushpa Kumari, Assistant professor of English, Humanities and Sciences department presented the session on speaking skills which included debating skills. A total number of 91 students participated in the session very enthusiastically.

The session was conducted very successfully with the coordination of faculty members as well HOD's of all the departments.

A report on English communication Skills ("Vocabulary Building")

DATE: 16-03-2020

The Department of Humanities and Sciences organized the program on English communication Skills.

J.P.Latha, Assistant professor of English educated the students on the topic of "Vocabulary building" which is an essential skill in the daily life required to communicate at well in all places. Around 301 students participated partially in two sessions.

The sessions were conducted successfully with the coordination of all the faculty and HOD'S of all the departments.

A Report on "Enhancement of Communication Skills (Group discussion)"

DATE:18-11-2021

The department of KVSP under the guidance of Dr Ch.B.Jacob, Associate Professor of English, organized the skills in the college at Communication Lab. This session is especially to develop the Communication Skills about the group discussion and debate.

Dr Ch.B.Jacob, Associate professor in English presented the session on speaking skills which included Group Discussion and Debate. Students enthusiastically participated in all the activities of discussion and debate.

The session was conducted successfully with the help of all faculty members of KVSP department. Around 102 students participated in the discussion very actively.

A report on "Seminar on Personality Development "program

DATE: 30-01-2020

A seminar was conducted by our college chairman sir Dr K.V.Subbareddy Garu on the topic of "Personality Development" in the college campus at the Seminar Hall, 2nd Floor from 10.30 am to 2.00pm.

Our chairman was the speaker on this Occasion. He said it is a process of developing and enhancing one's personality. It is about ever-changing and subject to contextual factors and life-altering experiences. He also said that personality development means how the organized patterns of behavior that make up each person's unique personality emerge over time.

He spoke about the teachings of the great swami Vivekananda and advised the students to inspire. He appraises the gathering of students and gave some spikes to how one can develop his/her personality.

At the end of the session he thanked all the department of HOD's to organize and the students for making the session successful. Around 150 students were present in the session very actively to know how to develop the personality.

**A report on Program on
"Cardiovascular Endurance" Program**

DATE: 20-01-2020

A free fitness program was organized in the college Gymnasium on the topic "**Cardiovascular Endurance**" on. The program was organized under the motto "**Fitness for All**" initiative in order to bring awareness about the importance of a healthy lifestyle among the students.

Cardiovascular Endurance is one of the 11 components of physical fitness that bring it home personal training teaches to all clients. Cardiovascular endurance can be improved by doing several types of aerobic conditioning. It is good measure of the heart's ability to pump oxygenated blood throughout the muscles.

Cardiovascular endurance can make it easier to carry out daily tasks .Following were some of the activities related to cardiovascular endurance improvement conducted program:

- ❖ Exercises
- ❖ Weight lifting
- ❖ Aerobics

The program was conducted successfully and around 250 students actively participated enthusiastically.

A report on Program on "Meditation Program"

DATE: 16-11-2020

A free fitness program was organized in the college on the topic "Meditation". The program was organized under the motto "Fitness for All" initiative in order to bring awareness about the importance of a healthy lifestyle among the students.

Meditation can make it easier to carry out daily tasks:

❖ Meditation

The program was conducted successfully and around 382 students actively participated enthusiastically to free from their stress.

A report on Program on "Meditation Program"

DATE: 18-05-2022

A free fitness program was organized in the college on the topic "**Meditation**". The program was organized under the motto "**Fitness for All**" initiative in order to bring awareness about the importance of a healthy lifestyle among the students.

Meditation can make it easier to carry out daily tasks:

- ❖ Meditation

The program was conducted successfully and around 440 students actively participated enthusiastically to free from their stress.

**A report on "Strengthening Core" Program****DATE: 24-03-2018**

A fitness program was organized in the college gymnasium on the topic "Strengthening Core" on. The program was organized by Department of Humanities under Physical Director to initiate and bring awareness in strengthening their bodies and maintain a good health.

Exercises are an important part for fitness.. They train the muscles in your abdomen, hips, lower back, neck, to work properly. This leads to a better stability and balance for doing daily activities. Following are some of the activities conducted related to the program:

- ✓ Daily exercises
- ✓ Leg raises
- ✓ Crunches

The program was conducted smoothly and was a huge success as around 180 students actively participated.

**A report on Program on
"Cardiovascular Endurance" Program**

DATE: 23-07-2017

A free fitness program was organized in the college Gymnasium on the topic "**Cardiovascular Endurance**". The program was organized under the motto "**Fitness for All**" initiative in order to bring awareness about the importance of a healthy lifestyle among the students.

Cardiovascular endurance can be improved by doing several types of aerobic conditioning. It is good measure of the heart's ability to pump oxygenated blood throughout the muscles. Following are some of the activities related to cardiovascular endurance improvement were conducted in the program:

- ❖ Exercises
- ❖ Weight lifting
- ❖ Aerobics

The program was conducted successfully and around 200 students actively participated in the program to get fitness.

A one day workshop was organized on X Pharma Pro Experimental Software for III B Pharm & III Pharm D students on 20-09-2021 by Dr. K.V. SUBBA REDDY INSTITUTE OF PHARMACY. The main object of the training was to prepare students to use X pharma perfectly for doing their pharmacological experiments. On that day they explained the important of X Pharma and how it was useful for knowing the mode of drug action & pharmacological experiment. He used the projector has mode of teaching. He provided the data required for logging into software with all the students. And divided the students into batches and made them work practically in a computer lab around 112 students attended the workshop. At the end of the session feedback was taken from the students. Students said that this workshop was greatly expanded their understanding levels on how experiments can be done without harming animals by using software. Lastly, principal thanked for sharing knowledge transfer with students.

A One day workshop was organized on Animal Experimental Pharmacology Software for III B Pharm & III Pharm D students on 10-09-2018 by Dr. K.V. SUBBA REDDY INSTITUTE OF PHARMACY . The main object of the training was to prepare students to use software perfectly for doing their pharmacological experiments . On that day they explained the important of animal experimental pharmacology software and how it was useful for knowing the mode of drug action & pharmacological experiment . He used the projector has mode of teaching. He provide the data required for logging into software with all the students. And divided the students into batches and made them work practically in a computer lab around 112 students attended the workshop .At the end of the session feedback was taken from the students . Students said that this workshop was greatly expanded their understandings levels on how experiments can be done without harming animals by using software. Lastly Principal thanked for sharing knowledge transfer with students .

A one day workshop was organized on skill upgradation on micromedix for III B Pharm & III Pharm D students on 09-02-2021 by Dr. K.V. SUBBA REDDY INSTITUTE OF PHARMACY . The main object of the training was to prepare students to uses micromedix perfectly for doing their pharmacological experiments . On that day they explained the important of micromedix and how it was useful for knowing the mode of drug action & pharmacological experiment . He used the projector has mode of teaching. He provide the data required for logging into software with all the students. And divided the students into batches and made them work practically in a computer lab around 112 students attended the workshop .At the end of the session feedback was taken from the students . Students said that this workshop was greatly expanded their understanding levels on how experiments can be done without harming animals by using software . Lastly Principal thanked for sharing knowledge transfer with students .
