The Institute takes pride in the fact that it is always trying to develop its students as better citizens of the country. In this regard, the Institute creates a feeling of community among the student population via several practises and projects. Diverse faculties have traditionally organised activities that encourage students to adopt diverse behaviours that promote our motherland's "Unity in Diversity." The Institute ensures that students do so with enthusiasm. Since 2007, the Institute has worked hard to improve student comprehension and behaviour in the following areas:

#### 1. National Identities and Symbols:

The Institute has long worked to promote knowledge of various national identities and symbols. Every year the Institute celebrates Independence and Republic Days. The faculty organizes and celebrates Constitution Day, helping to spread constitutional values and ideals.

## REPORT ON ROAD SAFETY RALLY

Dr.kvsp conducted road safety awareness rally. Our charman dr. kv subbareddy garu along with principal teaching, non- teaching staff and students of b.pharmacy and pharm D participated in the rally. The students are encouraged to participate in the activities of spreading the awareness among citizens on social issues like road safety. The major percent of mortality has been due to road accidents. Nowadays, the public are leading their life's through a hurry and busy schedule, in which they're never bothered about the road safety measures, as they want to reach their destination as fast as possible. Road accidents are caused by the driving mistakes and lack of road traffic rule followers. So everyone must be well aware about road safety rules, especially youngsters, who are usually at the risk of road accidents due to ignorance of the safety rules.
